10,000

```
   Am                                G      D
It's not by the strength of the mighty man
    Am                               G      D
It's not by the thoughts of a brilliant mind
     Am                              G      D
And it's not by our works that we can stand
         F        G        Am
But it's by the Spirit of God

It was not by the stone that the giant fell
It was not just the staff that parted the sea
And it's not by our strength that we conquer hell
But it's by the Spirit of God
Yes it's by the Spirit of God

G                 Am
10,000 may fall at my right hand
     F            G          Am
But I will not fear what I see
          G                  Am
For the Savior of all is my Father and Friend
     F                    Esus-E
And He won't let go of me
